Thanksgiving

I can't believe I'm all alone on
Thanksgiving this year...

Sigh

TAP
TAP

My parents flew to visit
Leona and Pan,

It's the first time mum and dad spend
Thanksgiving holiday over here.

Pan and I are going to make a
UK style Thanksgiving dinner!

I'm sure you'll have a fun
Thanksgiving dinner with friends!

You are such a sociable lion

My family is out of town,
are you free on Thanksgiving?

Sorry Leo, I'm going
to be with my sister.

It's the first Thanksgiving
we spend together!

My family is out of town,

Sorry Leo, I'm going
to be with my sister.

It's the first Thanksgiving
we spend together!

I'm sorry Leo, I have to attend
the elephant family's big feast.

I need to cook a huge meal to
feed my 12 hungry children!

I will spend with my
parents and grandmother...

I'll be with my family and Po, but our dishes shouldn't suit your taste...

Why don't you ask Cheetah-B?

I WILL NOT ASK HER.

Everyone at RSJ has plans for Thanksgiving!

Why won't my sis pity her single brother and let mum and dad stay with me?

She and Pan can have their own romantic Thanksgiving...

I don't have any plans on Thanksgiving.

My family doesn't have any Thanksgiving tradition because my parents were always busy.

We can cook something if you want to.

Looks like it's you and me for Thanksgiving this year...

R-Really??

Let's make a great feast!

I promise I will be much better
this time!

Last time

Big fat yummy (vegetarian) turkey!

This should be all of the shopping list...

WE ARE NOT A COUPLE.

Anyway, have a lovely Thanksgiving dinner tonight!

Alright... you can buy half of the junk food.

Nah, I'll put them back...

Well, um...

I'm thankful to live in a city where
I can eat all the great food...

Thankful for my lovely family, although
they left me on Thanksgiving day...

...and thankful that you can spend
this day with me so I'm not all alone.

I'm thankful to work at R&J
with great colleagues...

thankful that the dinner preparation
went smooth...

No problem!
I can carry everything!

Leave the heavy work
for me!

...and I'm thankful that you spend
Thanksgiving dinner with me too.

Cheetah-B, are you blushing--

-Bon appetit.
